

Resources for Extra Time at Home

Remedy Church, Waxahachie, TX

Resources to help get your children in the Word:

The Bible Project

All of these resources are free, and with extra time on your hands, it would be great to spend some time reviewing Old and New Testament books of the Bible with their wonderful videos. They also have a place for you to sign up to receive weekly emails with family devotions during this time of being at home.

<https://bibleproject.com>

First 5 App (this one is more specifically for women)

<https://first5.org/>

Seeds Family Worship

<https://www.seedsfamilyworship.com/>

New City Catechism

The app has a Children's Mode (shorter answers for kids to memorize). Just click 'Get Started'.

<http://newcitycatechism.com/>

Adventures in Odyssey Club

Kids of all ages will enjoy access to hundreds of Adventure in Odyssey episodes. Focus on the Family is offering a free 4-week trial.

<https://www.oaclub.org>

The Village Church-Kids Podcast

The village church has weekly kids lessons on podcast. Click the link and scroll down to 'other resources'

Science Moms

'QuaranTime' on the Science Mom YouTube channel.

For older kids and younger kids who really enjoy science. The lessons are a bit long, but very good. There are printables to download for each lesson, as well.
